Dear Parents and Carers,

### **Google classroom for Year 3, 4, 5, and 6**

The school staff are receiving training in Google Classrooms which is an online virtual learning platform. We are planning to use Google Classroom as a platform for homework and, if needed, during any school or year group closure for remote learning. Using this platform will enable children to access their learning resources; respond to learning, ask questions and receive feedback and support from the teachers.

The children have been taught how to log on and access their classroom area. Please ask your child about this platform and ask them to demonstrate how to log on. The log on details are in their communication books. These details are unique and personal to each child so please ensure they keep them safe and private. Each child can only access their own work and we have changed the settings to ensure they can only communicate with their teachers. Please can you practise this over the half term holiday if there are any problems please let us know via your child's communication book or email the office directly.

For further information, please watch these informative videos:

Parent Guide to Classroom: <https://www.youtube.com/watch?v=hhti35tLcAY&safe=true>

Google Classroom Tutorial for Students and Parents Step by step guide to using Google Classroom with your child. <https://www.youtube.com/watch?v=xfgqtCi7hdo>

We appreciate this is a new initiative requiring us all to learn new skills; however, we want to be prepared should we need to move to remote learning. Thank you so much for supporting us and the children.

Kind regards

Mrs Simpson
