

# BROADWATER WRAP AROUND CARE NEWSLETTER

## Summer Term 1

---

It's been another fun filled half term for the children at Wrap Around Care.

We have been creating lots of things from origami this term. They have been able to make butterflies, frogs, bees and flowers, just to name a few. I must say it has tested some of the adults' creative skills, especially the bee! Don't worry, Miss Murphy is the go-to person for this sort of thing!

Of course, we are still using the outside areas when feasible. The children have also enjoyed playing games in the ICT suite and some quiet reading time in the library.

Again, please can we remind parents/carers that Wrap Around Care closes at **5.30pm** and therefore we expect children to be picked up before/ at this time.

Thank you for your co-operation with this.
