

Email sent to Y4 Parents on Thurs 19th December 2024 re. Times Tables

Dear Year 4 Parent/Carer,

Thank you for all your support this term. In spring, we will continue a strong focus on times tables to both support their maths learning and prepare them for the Times table check later this academic year. It's really important that they are practising little and often so that they become fluent in all their tables as quickly as possible. This week, your child will be coming home with a copy of their TTRS heatmap which shows the tables they are currently secure in. The tables shown in grey will not be presented to your child in the app until those in red are secure.

If you have any concerns or questions, please do get in contact via the office.

Best wishes,
The Year 4 Team
