10th November 2023

Dear Year 6 Parent/Carers,

Winter Wonderland Model Fairground Rides Project

As part of our design technology learning in Year 6 this term, we will be designing and constructing electrically operated model fairground rides- with a winter wonderland twist! This project will take place during the week beginning 4th December 2023.

During the week, the children will learn about different mechanisms and how they work and they will design, create and construct their own moving fairground model. The project will combine art, science and design technology in line with the National Curriculum, whilst allowing the children to be creative and get into the festive spirit!

The cost for this project, which includes all materials, is **£5.00** per child for which we invite you to make a voluntary contribution. If you are already signed up with *PARENTPAY* you can pay this online by debit or credit card. Please contact the office if you haven't yet registered with *PARENTPAY* so that we can re-issue you with your *PARENTPAY* code. We will, of course, always be ready to help in cases of genuine financial difficulty – please do speak in confidence with the School Finance Assistant. Your child will make their own model, which they will then bring home.

We would love a few volunteers to come in and support with the making of the models. We would need support on the following days and times:

Tuesday 5 th December	8:35am-12:30pm
Wednesday 6 th December	8:35am-10:15am
Thursday 7 th December	8:35am-12:30pm
Friday 8 th December	8:35am-12:30pm

If you think that you could help on any of these dates, and have a school DBS certificate already in place, please do let us know via the office.

We are looking forward to an exciting week.

Yours sincerely,

Year 6 Team

Turn your ear to wisdom and apply your heart to understanding (PROVERBS 2:2)
